SUBJECT INDEX TO VOLUME 113

Accidents
- improving of, for older people 266, 269
- in industry, opinion on 106
- prevention and older people 161
- prevention and the Health of the Nation targets 215
- procedures in the playground 322
- road, flood, fire, drought and miscellaneous 149, 150

AIDS
- a global disease 168
- and HIV testing among students 240
- and homosexuals 6
- HIV and HIV-I 41, 100, 115
- HIV transmission and risks 240, 241
- sex and the Nation's Health 206

Alcohol
- and the heart 228
- consumption of 78

Aluminium
- and alzheimer's disease 161, 228

America
- health 100, 101
- health care system and reforms 261
- health care plan of 1993 257
- hospital association guide 171
- legislative politics of health care reform 264, 272
- pharmaceutical issues 154

Annual Report
- 1992 116

APHA
- report 47

Australia
- Aboriginal health 88
- aboriginal family life 310
- Chairman's visit to 152
- environmental health in remote communities 310
- health problems 89
- nurses - primary health care 88, 89

Bacteria
- brucella organisms 231

Bones
- and calcium 56
- ignored in the elderly 285
- fractures in the elderly 179
- osteoporosis 114

Breast
- screening 228

Brucellosis
- epidemiology of 230
- prevalence of 230

Cancer
- breast and prevention; screening 114, 228
- cancerlink TV 229
- cervical 184
- colorectal 113
- in the bladder 168

Children
- Act 1989 214
- accident prevention 56
- and diarrhoea 243
- and playground safety 320
- and smoking behaviour 12, 13
- and smoking in schools 43
- babies and special care 168
- babies with HIV 284
- early childhood mortality 247
- growth pattern 234
- hair loss in 252
- headlice in 181
- health and welfare 100
- infant feeding 176
- mortality and nutrition 229
- sick children and their families 284
- with special education needs 213

Community Health
- telephone health information and promotion service 187

Cultures
- in Arab countries 68

Dentistry
- restorative dental care of geriatric patients 313

Diet
- and gallstone formation 57
- diarrhoeal disease; control strategy - oral rehydration therapy (ORT) 243
- gastrointestinal disorders 128
- intake and bowel functions 64, 65

Diseases
- aluminium and alzheimer's 161, 228
- collagen vascular and hair loss 254
- global warming and 4
- prevention and treatment of pediculosis 181
- prevention of infectious 5, 113
- salmonella in poultry 4
- sickle cell 155
- viral hepatitis B 113

Doctor
- and patient-care relationship 84
- and patient confidentiality 114
- and tobacco laws 285
- opinions on community pharmacists; prescribing, formularies and other related-issues 302
- over-prescribing 305, 307
- podiatrists 168

SUBJECT INDEX TO VOLUME 113

recommended insecticides 182
Drinking Water
contamination in 33
potential toxic chemicals in 32
Drugs
and prescriptions 206
aspiring and its effects 114
GPs and drug information 306
illegal use of 100
pharmaceutical issues to USA 154
usage towards migraine 112

Education
accident prevention and 267
children with special education needs 213
clinical 84
health, new magazine 229
postgraduate, in public 250
programmes associated with cervical cancer 184
smoking in schools 44
writing 24
Elderly
accident prevention and the 161, 215, 266, 269
and aging 100
and fragile bones 56, 285
and implications of upper limb fractures 179
restorative dental care 313
health and healthy living 216
incontinence in UK 168
Environment
and accident prevention 268
control of 19
natural and man-made disasters 149
environmental impact on tyre disposal 138
radon levels 308
Environmental Health
EHOs and food hygiene 209
EHOs in Europe 38
federation of 36, 37
monitoring 18
recording of incidents 295
Scotland Unit 295

European year of older people 215
postgraduate education in public health 250
sex and the nation's health 206
Exercise
levels of activity 78

Family
fathers and breast feeding 176
planning to cervical cancer 185
Food
and health 5
beliefs and education 70, 71
cholesterol consumption 288
consumption patterns 68
garlic 284
hygiene training: the next step 209
malnutrition 5
nutritional quality of 324
poisoning 317
safety; training 316
Fuels
butane gas 56
smokeless tyre (pyrolysis) 139

Gallstones
and diet 57, 58
Genetics
and asthma 169
and DNA science 113
Government
issues on health and personal services 195

Hair
causes and clinical manifestations of 252, 253
growth cycle of 252
loss in children 252
Health
alternative medical healthcare services 190
and cigarette smoking 91
and personal services since 1979 195
care and nurses 87, 88
education programmes for knowledge of cervical cancer 184
effects of lead exposure 143
historical perspective on NHS 197
information and promotion service 187
occupational 201
of the nation - the way forward and targets 40, 215
organisational 202
perceptions to diarrhoea 128
pets and quality of life 168
professions in 1992 36
psychosocial and organisational hazards 203
service developments in third world 136

smoking habits of students 132
Heart
and alcohol 228
HIV
and AIDS in America 100
and homosexuals 6
I and AIDS 115
in babies 284
Hospitals
quality improvements to patients 170
Hygiene
in food training 209, 316
personal 318
Hypnotism
at work 112
opinion on 50

Injuries
criminal 56
to upper limbs 179
Insecticides
against headlice 181
louse repellent 293

Joints
joint hyperlaxity and long-term effects on 327
osteoarthritis 328
pathogenesis in inherited joint laxity 328
rheumatological manifestations of hyperlaxity 327

counselling and patient compliance 286
educational issues that a child suffers from 213
Medicine
alternative medicine 84
and sport science 329
ethics in public health 284
genitourinary 41
pharmaceutical issues in USA 154
research for professions allied to 81
Migraine
chronic sufferers 112
Monitoring
environmental 18
Mortality
child and nutritional 229
infant; early childhood 76, 247
peri-natal and neo-natal 60, 124
Mothers
ability to prepare salt-sugar solution for diarrhoea 243
HIV infected with babies 284

Neurocysticercosis
opinion on 51
NHS
past, present and future 97
Nurses
and Australian Aboriginal health care 87
Nutrient Intake
eating patterns 77
factors for healthy longetivity 75, 76
McCance and Widdowson 112
Nutrition
and malnutrition in developing countries 228
feeding their children 177
international conference on 5
nutritional quality in catering 324
status and child mortality 229

Osteoporosis
incidence of 114
Occupational Health
control and monitoring of psychosocial and hazards at work 201

Parasites
brucellosis, prevalence of 230
freshwater cyanobacteria (algae) 229
salmonella in poultry 4
treatment of pediculosis 181
Parental
fathers and breast feeding 176
parents and children with special education needs 214
smoking 12
Patient
carer - relationship 84
compliance in medical counselling 286
in-patient attitudes towards care 121
representation in hospitals 170
psychosocial and organisation hazards at work 201

satisfaction survey 121
schemes and changing demands 84, 85
Pharmacy
community pharmacist and their prescriptions, formularies and other issues 302
pharmaceutical issues to USA 154
prevention and treatment of pediculosis 181
over-prescribing with the GP 305, 307
Pollution
in air 56
lead pollution and health 142
tyre disposal methods 138
Pubis
infestation 6, 7
Public Health
postgraduate education in 250
Public Health in the United States
administration and pending health issues 100
Clinton previews and his health reform plan 272
national health care reform plan 330
pharmaceutical issues 154
systems on the local level - health and medical 217

Quality
drinking water 32, 33
improvement and hospital patient representation 170

Religion
differences 69
Residential Care
and private nursing 28
fire safety in 27
legislation and registration 29
Restaurateurs
and smoking restrictions 9
awareness, knowledge and perceptions of 8-10

Safety
and accident prevention 215, 266, 269
fire in residential homes 27
fire hazards to environment 149
health and safety at work 202
playground 320
selling of 270
Salmonella
safety of poultry 4
Sex
and aphrodisiacs 207
and condoms 206
and the nation's health 206
contraception and abortion 113
UK National Survey 207

activities among students 240
health 40
pediculosis pubis 6
transmitted diseases 6
Smoking
and cigarette advertising 206
and health 91
and hypnotism 50
behaviour 12, 13
cessation; international congress on 284
children and 13
habits among physicians 298
habits of students 132
in schools; education 43
maternal and parental 12, 14
reasons for 133
restrictions 9, 10, 80
Social Services
sharing information between health and education 231
structure of 195
Stress
and strokes 113
at work 203
oxidative and smoking 92, 93
Sugar
salt-sugar solution to diarrhoea 244

Teaching
environmental health protection issues 211
research-based 211
Tobacco
laws and doctors 285
use in secondary health institutes 132
Training
EHOs in West Africa 17
food safety; training programme 316
in food hygiene 209

Visually
impaired people and their guide dogs 285

Water
flood and drought disasters 150
radon levels in 308
toxic chemicals in 32
Women
and abortion 113
and breast feeding 176
and cervical cancer 184
and health 101
during menstruation 64, 65
peri-natal and neo-natal mortality 60

preparation of salt-sugar solution for home management of diarrhoea 243
Workers
abattoir workers with brucellosis 231
prevalence of brucellosis among abattoir workers 230
Writing
and publishing 24, 25
scientific 24
techniques and styles 24

Zoonosis
brucellosis 230
sanitary codes for brucellosis 232

INDEX TO AUTHORS OF BOOKS REVIEWED - VOLUME 113

AUTHOR	BOOK	PAGE
Asch R H and J W W Studd	Annual Progress in Reproductive Medicine 1993	333
